Club insurance for 3P TRI TEAM paid club members.

GOOD NEWS!

We now have our club insurance! Westpoint Insurance Group will be our club insurance. And it is effective immediately. This will cover accidents incurred during organized club TRAINING ONLY!. NOT ON OUR RACES. Please read the coverage instructions below for better understanding of how you will be covered by our club insurance. All paid 3P TRI TEAM club members will be covered automatically this year 2018.

* this is not a health insurance
* this will cover all out of pocket expenses you will have in an event that you have an accident DURING TRAINING. Training must be authorized by the club. See details below on how to have it authorized and be covered.
* this serves as your secondary insurance

FAQ:

How to get our training covered by our club insurance?
👉since members are from different locations it will be impossible to have 1 club training for all members for 1 location. Therefore there will be training days on different locations and any paid member can host a training day as long as it is posted on our facebook page for everyone to see. A paid member MUST POST AN ANNOUNCEMENT OF TRAINING ON OUR FACEBOOK PAGE. This is to publicly inform members that they can join that training day/time. A MINIMUM OF 3 PAID MEMBERS IS REQUIRED TO BE PRESENT DURING THE ANNOUNCED TRAINING DAY FOR IT TO BE COVERED or TAKE EFFECT.

Example of training post (must be complete details):
John doe is a paid member and posts on 3P TRI TEAM facebook page:
Join us for Bike ride jan.1,2018
Meet 6am rollout 630am
30 miles along sgrt
Etc etc etc...

* this serves as an invitation of training for members to join.
* if 3 paid members join the training day then it will be covered by our club insurance incase theres an accident during training

What to do in case of an accident during training day?
👉inform brian or kris and fillup the incident report. They will give you that form

How will it be covered?
👉in an event that you had an accident during training day, (knock on wood!) and needed

medical attention, you will use your primary health insurance first to cover and pay for your medical expenses. And anything that is NOT COVERED by your insurance, our club insurance will take care of it up to its limit of coverage. Yes, our club insurance will serve as our secondary coverage. Keep all the receipts and WESTPOINT WILL REIMBURSE YOU on that. If you dont have any insurance, you will have to pay for all of your expenses first and then you can have it reimbursed by WESTPOINT up to its limit of coverage in our club insurance.
*please ask for a copy of the insurance coverage to see the extent of financial coverage of our club insurance if you wish to see it

In summary:

Your membership fee includes:
👉 free full cycling kit
👉 free team shirt
👉 free trucker hat
👉 free club insurance to cover accidents during training
